Ethan:

I've requested written remarks, but haven't received anything, yet. Also, accessible through the link you provided, is an audio recording of the event (which includes, I think, some introductory remarks by someone with RFF; some preliminary comments by the Administrator about Gold King Mine; the Administrator's CPP remarks; and a Q & A session.

Charles – could you possibly check with either the third floor (Adm'r speechwriter?) or the OAR comms folks and ask if they could share with us a copy of the Adm'r remarks on the CPP, which she just delivered at Resources for the Future.
